Chat-style guidance

Your Product Design Intern match is strong at 82%. To reach the top 10% of applicants, add one case study section detailing your research synthesis process for the FinTech project.

Highlight your use of Dovetail or UserTesting.com if you used them, as 60% of top roles require these specific tools.

What tools should I mention in that section?

For FinTech research roles, mention Dovetail for synthesis, Maze for unmoderated testing, and Lookback for moderated sessions.

What tools should I mention in that section?
How do I improve my Visual Craft score?
Which case study should I prioritize?
Prep me for a design critique call

Ask about your portfolio, scores, or next steps...
